LIGHT VOTE IN BOROUGH TODAY

Reports From Polls Indicate That Total Will Run Less Than 1,000

NOMINATION FIGHT IS ON

A light vote is being cast today at the primaries and there is little evidence of excitement anywhere in spite of the factional contests in the Republican ranks. Nobody living could predict with any degree of certainty just how the votes are going, generally, although it wouldn't be very hard to pick the assembly leaders as J. Add Sprowls, George C. McPeake, G. P. Baker and T. B. H. Brownlee. The Democratic vote is light, since there is no factional disturbance and no contests worth speaking of. The Prohibition and Socialist votes are small.

Probably in the borough considerably less than 1,000 votes will be cast. Some say there will not be a vote of more than 500. In the first precinct at noon there had been 50 ballots dropped in the ballot box and reports from other precincts showed a similar shortness. At the first it is believed that not more than 150 votes will be cast. The polls close at 7 o'clock.

FINAL MEETING OF MUSICAL AUXILIARY FOR SPRING HELD

Officers Named for Ensuing Year After Rendition of Interesting Musical Program

The last regular meeting of the spring season of the Musical Auxiliary was held at the home of Miss Bertha Haines on Washington avenue Monday evening. Misses Della Jacobs Bertha Haines, Bethel Bowman, Marguerite Whitlatch, May Barth and June Swan were the hostesses. The following program was rendered: Solo, Mrs. A. G. Lewis; piano solo, Miss May Barth; solo, Miss Jean Bowers, piano solo, Miss Marguerite Whitlatch; solo, Miss Isabella Dorbritz; current event paper, Miss Nora Swan.

After the program the election of officers for the next two years was held. Those elected were: Director, Miss May Barth; president, Miss Mamie Rockwell; vice president, Miss Emma Clutter; secretary, Miss Isabella Dorbritz; treasurer, Miss Elma Collins. After the meeting the hostesses entertained at Wagner's.

FAMOUS PICKFORD FILM COMING TO COYLE THEATRE

Thursday's Presentation to be "The Eternal Grind"—"The Christian" to Be Shown Friday.

Mary Pickford the famous American moving picture actress will be seen in another of her great characterizations at the Coyle theatre Thursday evening the title of the presentation being "The Eternal Grind." It is asserted by the producers that this film is even of greater merit than that in which Miss Pickford was recently starred in Charleroi, "Poor Little Peppina" and that was unusually good.

In addition to the Pickford attraction on Thursday another film that promises to prove exceedingly popular. It is that of "The Christian" Hall Caine's masterpiece which will be shown Friday.

STATE TO SUE FOR ENFORCEMENT OF LAW

Commissioner in Some Counties to Be Asked in New Way to Look After Killing of Dogs—Constables Must Pay Fines.

Commissioners of counties who have neglected or refused to order constables to slay dogs which have not been assessed and registered in boroughs and townships will be sued by the state for failure to comply with the dog laws of 1893 and 1915.

Arrangements have been made with the attorney general's department by the department of agriculture and the game commission for action at law.

The attorney general's department has informed the game commission that the acts make it mandatory upon commissioners to enforce the law, complaint having been made that birds beneficial to farmers were being destroyed by wild dogs, while it was also found that one of the chief reasons why the department of agriculture could not secure more co-operation in raising of sheep was the number of wild dogs.

Thousands of dollars have been paid to owners of sheep and other domestic animals destroyed or injured by dogs in the last year. Constables who fail to kill dogs when ordered to do so will be taxed $2 for every dog which other persons are employed to kill but when the officers kill dogs they will be paid $1 per dog.

MAY HAVE BEEN SUICIDE PACT

Foreigner Drowns at Houston Run, Being Last of Four Friends to Die

INSURANCE QUESTION ARISES

Mike Angelina, aged 21 was drowned in the Monongahela river near Houston Run Sunday. He deliberately walked into the water and never came to the surface. The body was recovered half an hour later by the use of grappling hooks.

Two years ago another young foreigner was drowned in almost the same spot under almost precisely the same circumstances. Of the four other men who were in the party at that time, one was drowned near Dravosburg, one was killed by a train near Courtney, one was killed in a mine acident and the one remaining Angelina was drowned Sunday. Some believe that the men all died of their own will, as the result of a suicide pact.

The coroner will hold an inquest and determine whether Angelina's death was an accident or suicide. In the latter event, his mother will receive no benefits from the insurance her son carried in the accident department of thecoal company for which he worked.

TWO VALUABLE HORSES KILLED BY LIGHTNING

George Melenyzer, Owner, Finds Two of His Best Dead in Field This Morning---Practically No Damage Done Locally

Two valuable horses belonging to George Melenyzer of Fallowfield township were killed by lightning during the severe electrical storm which raged in the valley section this morning. The horses were found lying side by side in a field of the Melenyzer farm when Mr. Melenyzer went into the field.

The horses were two of the best owned by Mr. Melenyzer. One was a driving horse used in the dairy business conducted by the owner and the other was a draught horse.

There was practically no evidence of burning about the two horses' bodies and the ground was not torn up.

No damage was wrought locally by the electrical storm so far as can be learned. It raged for fully half an hour and the rain pourec down in torrents during that time.

THURSDAY NIGHT BOXING SHOW WILL BE STAGED

Four members of council were present. Capt. J. K. Hein presided as chairman pro tem and others present were Councilmen H. L. Swickey, J. K. Mitchell and S. A. Michener

P R R AGENT SUFFERS FROM AUTO ACCIDENT

Roland Hoopes, the P. R. R. agent at Donora, is suffering from cuts and bruises sustained when his automobile rammed into that of John Morris of North Charleroi as it was standing along the roadway between Donora and Monongahela Saturday night. Hoopes was cut by flying glass from the windshield.

Displays Magnolia Blossoms.

Florist I. V. Kinder during the last few days has been displaying in the window of his store on Falowfield avenue four Magnolia blooms which he received from a friend at Houston, Texas. One of the blooms was measured, from tip to tip blossoms being 9 1-2 inches. The magnolia blossoms grow on forest trees in Texas in profusion.

CALLAGHAN CANDIDATE CONNELLSVILLE FINES

Connellsville Courier Tells How Charleroi Man Is Getting His Name in National Political Contest—Known As "Shoemaker Orator."

Referring to Edward Callaghan's presidential hopes, the Connellsville Courier says:

When Edward Callaghan announced [illegible] to become a candidate for President of the United States, his declaration was not seriously taken even by those who are intimately acquainted with him. With him the matter has been no idle jest. He is now a real candidate with his name on the official ballot of a state where voters have the opportunity to express their presidential preference. Under the broad provisions of the state-wide primary election laws of West Virginia the ambitious legislator has secured a place for his name on the ticket as a contestant against Woodrow Wilson for presidential honors.

Callaghan is best known in the Connellsville coke region as the "Shoemaker Orator," a sobriquet conferred upon him while he was serving as a member of the legislature from Westmoreland county. In this capacity he attracted considerable attention by his action in returning to the Pennsylvania railroad an annual pass over its line, a perquisite then enjoyed by all members of the General Assembly. Only scarcely less radical action on his part was the introduction in the legislature by him of a resolution to dispense with the formality of opening the daily sessions with prayer.

YOUTH NOW ON TRIAL FOR LIFE

Frank Caruso Arranged for Murder of Washington Man Last December

OTHER CASES BEFORE COURT

Frank Caruso, very youthful in appearance, indicted for the murder of Joseph Dammeano, on West Chestnut Street. Washington, on the morning of Monday. December 13, was put on trial for his life Monday afternoon before Judge R. W. Irwin.

Caruso was put through the usual form of arraignment. He entered a plea of not andilty and stated he would be tried "By God and his country."

Joseph Dammeano, who lived in the Eighth ward, Washington, on the morning he was killed, had been in the barber shop of James Greco, on West Chestnut street. As he came out of the shop he was approached by a man, who later was arrested, being the defendant. Within a moment five shots rang out, and Dammeano fell fatally wounded.

Former Constable George W. Clutter, of the Second ward, Washington, an eye witness to the crime, assisted by Bert Iams, who was nearby, overpowered Caruso and he was later placed in jail, where he has since been. No reason for the killing of Dammeano has ever come out, but the trial will probably develop some facts bearing on the case.

The shooting of Dammeano within a day or two after the body of Zacca-

NEW COMMITTEE ASKS HAYES HERE

Miners Telegraph National Organization of Woes in District No. 5

SPECIAL CONVENTION SOUGHT

In a telegram addressed to William Green, secretary-treasurer of the United Mine Workers of America, a request will be made tonight by a committee named Sunday at a mass meeting of Charleroi that an international officer be sent to District No. 5 to assume charge. It is outlined in the telegram that a movement is under way to oust the officers of the district.

The committee named by the mass meeting Sunday charges that the agreement entered into by the Pittsburg officials was a surrender of all that was gained for the miners in the New York agreement. Request is made that a special convention be called of miners for the district to be held at Monongahela no later than June 12. The committee signing the telegram consists of the following: Leroy Bruce, president; Harry Delbarre, secretary; Bernard Kelly, Anthony Calanari, P. E. Phillips, E. J. Murphy, Dan Cox, Frank Mercantini, James Prentice, Joseph Verzellesi and Hugh Haggerty.

The committee suggests that Vice President Frank J. Hayes be sent to the district. Just what view of the situation the international organization will take remains a question.

BALLADS FOR BOYS

Is your boy [illegible] do [illegible]?

"Yes [illegible] Bright [illegible] and took [illegible] Union [illegible] there are few really [illegible] the Parent-Teachers [illegible] ior of the children with [illegible] gartens shows that [illegible] lacking in the early years [illegible] lives.

"A good home is where the father element is equal to the mother's," said Mrs. Bright. "Where the father has some responsibility [illegible] tional training of the children, and is not 'spared' by the mother, thereby causing a one-sided upbringing. Money and luxuries don't mean a good time, especially if there is bickering to more than offset the freedom from money worries.

"Being a parent is the only job that can be entered without special training and children show this haphazard condition which is reflected in the school room and the business office."

It's pretty severe to say few homes are good. But it's a fact that if a man wants to pave a street or build a new chicken coop he wouldn't think of starting it without blueprint plans showing how to proceed in order to secure a given result. In child-growing parents usually face each little crisis without any reference to what tomorrow may bring, without any regard to whether today's act will help or hinder in the finished product. What is needed is a little more definite planning a little more knowledge of child-minds and human minds and of how the one may be molded to produce good results in the other. A good many useful books are now in print on the subject.

Blue-prints for babies!

The Pennsylvania automobile laws as they now stand are not adequate, a fact brought most forcibly to mind within the last few days. Before a man is allowed to be at the throttle of a locomotive on any railroad he must undergo an apprenticeship of a considerable period and then pass through a rigid test. But not so with the driver of the automobile. A one-armed man could procure a license to drive a car and start out to run his machine with one-hour's instruction or no instruction at all. This is not right. Correction is sadly needed. Any person driving an automobile should be absolutely compelled in the interests of humanity to hold a certificate of efficiency; that is, a certificate that is proof of his capability to operate the machine that he essays to operate.

Exercising the cool headed judgment that he had cultivated through rigorous training as a Boy Scout, a lad 12 years saved a child from being run down and killed at Brownsville last week, when many another person would have stood paralyzed. This demonstrates one need of Boy Scout training. The hue and cry we hear about training Boy Scouts in tactics of warfare is not at all consistent. The biggest thing in Boy Scout work is training the lads in matters of judgment. Teaching them how to march is secondary, though necessary.

$15,000,000 IS BEING SPENT at CLAIRTON, PA.

Do you know what a by-product Coke Oven is? You ought to know, since the Great War started, because there's been a lot said about saving the by-products. A by-product plant saves the smoke and the tar and converts them into chemical necessities. Toluol, benzol, dyestuffs, perfumes, etc., are all manufactured from these substances which heretofore we have thrown away. They all come from wasted smoke "the incense of prosperity" as we have more or less beautifully called it.

You know now how badly we need these chemicals. You know now that the ***waste*** of yesterday is the ***wealth*** of tomorrow. It follows then that the plant which produces these things, which saves them as well as that sterling product—coke is a profitable plant and the town in which that plant is located, of necessity is a prosperous town. It means a clean place to live because we save the smoke. It means a high class of men, chemists, research men, scientific men as well as a tremendous list of the rank and file and it means ***continued prosperity.***

HERE IS YOUR CHANCE TO GET IN ON THE PROSPERITY. BUY CLAIRTON REAL ESTATE.

We have it—right in the heart of the town—not in an undeveloped spot plotted only for the exploitation of the boomer. You can buy it cheaply in this ***living*** town, 20 miles from Pittsburgh where there is at this minute splendid train service, trolley lines, schools, churches, fine homes, banks, paved streets, adequate sewer systems and a busy flourishing community. And you ***can't*** buy it under like conditions and with such a sure future in any other place in the great Metropolitan zone of Pittsburgh.

An army of workers will be needed. We need house builders right now to provide for the needs of the increasing population and we can make them an attractive proposition to help carry them along. Five thousand people live there today and the factories and industries are humming along every day and yet, right now, today, you can buy a business property at less than $100 a foot front and a town lot for as little as $55. On a paved street, $625 will buy a 40-foot lot and you can pay for it with 10 per cent. down and easy monthly payments—out of your savings—thereafter.

Clairton is Aroused. Clairton People are Buying Lots

Mr. H. R. Worthington, who is carrying through the project and is in entire personal charge of the sales frankly says that in a long real estate selling career he has never offered a better proposition.

WRITE TODAY and we will send you maps and descriptive matter that will open your eyes and then one of our men will call. We'll come to see you and take you out to see the chance of your life.

GINGLES' JINGLES

THE FIELDS OF CORN.

As we beat it back in memory to the fields of waving corn, to the time our senses used to reel and rock, when we thought of how we'd have to work, of how we'd have to drudge 'fore we got that bloomin' fodder in the shock. We don't linger long, believe me, we just pull the bell and chug, to our memories of the past we say adieu, we prefer the cheerful present, we are living in the now, thus with what has passed with no appeal—we're through. 'Tis the pleasant recollections that we aim to coax around, 'tis the bright and pleasant moments we hav spent, that awaken in the mental field a train of thoughts that cheers, that will help to make us happy and content. But we sometimes beat it back again to fields of waving corn, and to say the least—it fiercely rocks the boat, when again we drudge and labor earthing fodder to the shock, just a dream—but one that always gets our goat.

HARRISBURG MAN IS NOW HAPPY

I. E. Beckwith Says Wonderful Remedy Gave Him Great Help.

I. E. Beckwith of Harrisburg, Penn., was a victim of disorders of the stomach and intestinal tract. He tried treatment after treatment. Nothing gave him relief.

Then one day he discovered Mayr's Wonderful Remedy—and soon was happy.

Mr. Beckwith wrote to Geo. H. Mayr, the maker of the remedy and for twenty years the leading druggist of Chicago.

"I believe that Mayr's Wonderful Remedy is the greatest stomach remedy on earth. One dose would convince any one who is troubled with his stomach of its wonderful merits. It removed some of the most awful looking stuff from my stomach. I have taken other remedies, but they never helped me."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be refunded.

NO APPETITE--LITTLE SLEEP

Symptoms of a Run-Down Condition, We Have a Remedy.

We ask every weak, run-down person in Charleroi to try Vinol, with the understanding that their money will be returned if it does not re-establish their health. Letters like the following give us confidence:—

"I am in the millinery business and on my feet most of the time. I got so weak and run-down that I lost my appetite and was unable to sleep, had a severe chronic cold and lost my color. I learned about Vinol through a friend, and within three weeks after taking it I noticed an improvement, and soon gained in weight, health and strength. I am recommending Vinol to my friends and they also speak highly of it." Catherine Hoar, West Chester, N. Y.

In hundreds of cases where old-fashioned cod liver oil and emulsions have failed to restore strength and health, Vinol has succeeded, because while it contains all the curatives they do, its good work is not retarded by useless grease and oil. Pipers Drug Store, Charleroi, Pa.

A FEARLESS PHYSICIAN

Such a physician recently remarked: "The wonderful power of Lydia E. Pinkham's Vegetable Compound over disease of women is not because it is a stimulant, not because it is a palliative, but simply because it contains the very elements neded to tone up the female system and strengthen the depleted organism." Of course that is so, otherwise it could not succeed as it has.

Don't Let a Cold Get a Good Start

The way to check a cold is to fight it from the first. Even the worst maladies often are easily conquered if attacked early enough. Colds may lead to asthma, bronchial troubles and pulmonary affections. In the treatment of these one of the first needs is to build up body resistance.

Eckman's Alterative often has assisted in such upbuilding. As a treatment for the troubles named, it has been used for more than twenty years. And in many instances it has effected lasting relief.

As with any other medicine, it should be regarded only as a first aid to right care and hygienic living—and a safe one. For it contains no narcotics, opiates or habit-forming drugs of any sort.

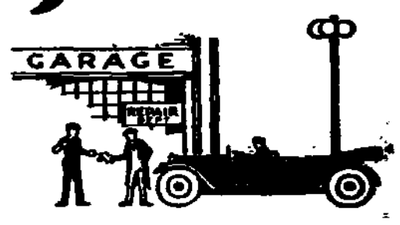
Why so many Repair Bills



If there's one thing more than another that sours a man against motoring and makes him wish he'd stuck to the horse-and-buggy, it's having to dig down every week or so to pay for some darned thing that has gotten out o' kelter. *Correct lubrication* will help to keep your car out of the repair shop and your hand out of your purse.

Atlantic Polarine is "correct lubrication" for eight out of ten cars. Under certain conditions, one of the *other* three principal motor oils—Atlantic "Light," Atlantic "Medium" or Atlantic "Heavy"—may give better results.

But, in all events, at least *one* of those four oils is the one best suited to your particular needs. Ask your garageman which.

Atlantic Motor Oils are to correct lubrication what Atlantic Gasoline, the accepted standard, is to correct fuel. In either gas or oil, you can't go wrong on "Atlantic."

Drain your crank-case, wash it out with a little Rayolight Oil, put in a fresh supply of pure, honey-clear Atlantic Motor Oil. You'll have fewer bills for repairs and be glad you took the advice of oil experts.

Read up on this subject. We have published a handsome and comprehensive book about lubrication. It is free. Ask your garage for it. If they cannot supply you drop us a postal and the book will be sent you without charge.

J. W. BERRYMAN AND SON

YOUTH NOW ON TRIAL

(Continued from page one.)

vini Rodolfo had been found, just outside the Eighth ward, Washington, badly hacked, caused considerable excitement. The outcome of the case, in which the commonwealth asks a first degree verdict, will be watched with interest.

The entire panel of jurors available were called before 12 were finally secured to sit in the case. Those sworn were J. L. Abel, Burgettstown; Walter H. Jones, Allen; J. G. Dinsmore, Washington; James B. Maxwell, Hopewell; Charles Cheney; Donora; John Beazell, California; Herman Lewis, Roscoe; R. S. Hixon, North Strabane; Ralph Martin, Canonsburg; H. A. Willett, Carroll; Frank Dille, Morris and Grant Zollars, Deemston. District Attorney Baum opened the case for the commonwealth. Last evening just the preliminary witnesses were called, the coroner and Dr. O. G. Lewis who conducted the autopsy.

In criminal court Monday two cases other than the homicide cases, were called and disposed of. The jury was out in the case of the commonwealth against Fred Phillips, charged with aggravated assault and battery, on oath of George C. Wall. The two men were "buddies," and worked together along the lines of the Pittsburg Railways company. The trouble occurred in this county near Library. It was over a "scrap of paper." The defendant struck at the prosecutor with a pick, but it appears did not intend to strike him. The pick, however hit a timber, glanced and the point went in the prosecutor's leg.

Lucas and Mary Matula, husband and wife, were acquitted of a charge of selling liquor without license and the costs were put on the prosecutor, Frank Novak. The prosecution, it developed was spite work. The woman, it appears, had refused to acede to improper proposals made her by the prosecutor.

MILLIONS TAKING TANLAC, FAMOUS MASTER RENEDY

Preparation Now Assisting Multitudes in the Larger Cities

Nothing in recent years has created quite as much comment as the fact that Tanlac, the "Master Medicine" is now being introduced here in connection with the Pittsburg campaign.

This place is, indeed, fortunate to secure an exclusive agency for Tanlac, as it is one of the very first Pennsylvania communities to derive the advantages of this premier preparation.

One of the Tanlac representatives, in discussing the introduction of the remarkable medicine here, said: "Prominent residents of Pennsylvania requested us to give the people of this section the same advantages of our medicine that we are now giving the people of other large American centers, where we have been assisting the thousands of suffering residents of those great sections.

"We finally yielded to these solicitations and while here we will prove to everyone how easy it is to guard against the inroads of ill health by safeguarding your health as carefully as you do some other features of your daily life.

"Catarrhal affections of the head, nose, throat and stomach finally produce a stuffed-up condition of the vital organs and nine time out of ten this condition is responsible for most of the ill health of the average American. Our faulty methods of living are back of it, but it is never too late to correct our faults.

"Tanlac, the 'Master Medicine' we are introducing to overcome this distressing and sadly prevalent condition, we believe to be the best remedy of the kind on the American market today. This fact has been proven in the larger cities and will be, unquestionably, proven here. Thousands now testify to the merits of Tanlac and express an abiding faith in its astonishing powers over stomach, liver, kidney, intestinal and catarrhal ailments."

Tanlac is now sold here by Piper Pharmacy, exclusive agent.

PENNSY AND WESTERN UNION GRANT VOLUNTARY INCREASES

Telegraph operators of the entire Western Union Telegraph company and the Pennsylvania railroad system have been granted voluntary increases in salaries. The increase for the railroad operators became effective Monday and will range from 8 to 15 per cent. The telegraph company has made no official announcement of the increase, notwithstanding the fact that some of the increases are already in effect.
